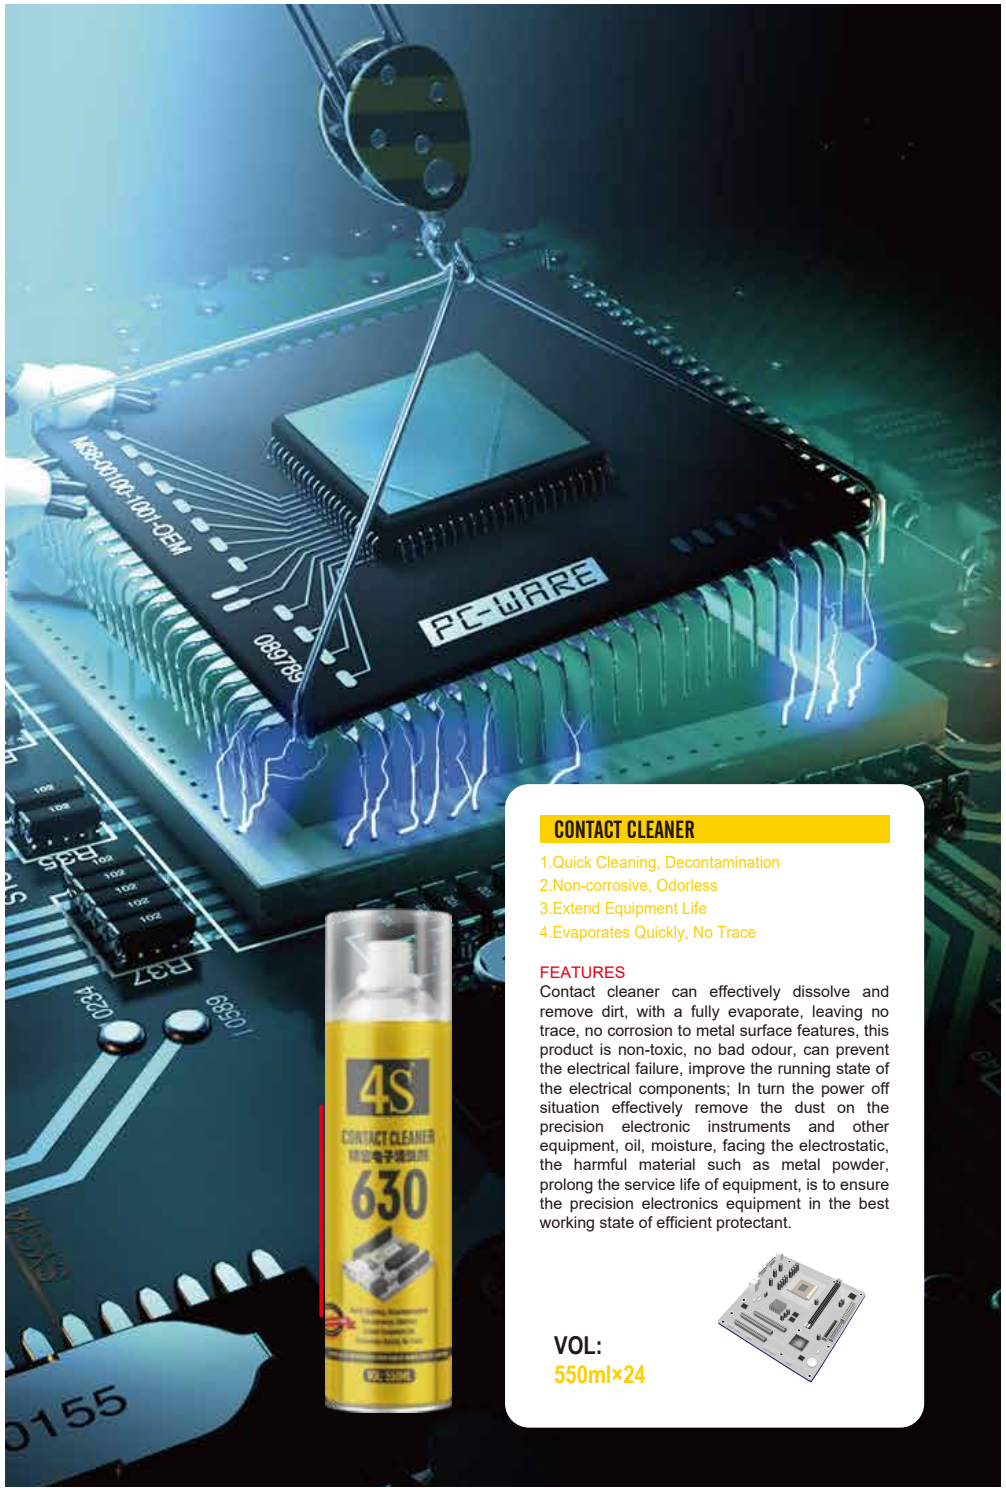
4.Extra anti-rust
5.Keep lubricating
6.Eco-friendly

VOL:
550ml×24



CONTACT CLEANER

1.Quick Cleaning, Decontamination
2.Non-corrosive, Odorless
3.Extend Equipment Life
4.Evaporates Quickly, No Trace

FEATURES

Contact cleaner can effectively dissolve and remove dirt, with a fully evaporate, leaving no trace, no corrosion to metal surface features, this product is non-toxic, no bad odour, can prevent the electrical failure, improve the running state of the electrical components; In turn the power off situation effectively remove the dust on the precision electronic instruments and other equipment, oil, moisture, facing the electrostatic, the harmful material such as metal powder, prolong the service life of equipment, is to ensure the precision electronics equipment in the best working state of efficient protectant.

VOL:
550ml×24

INDUSTRIAL OIL CLEANER

1.Effectively clean
2.Remove oil stains
3.Widely use

FEATURES

Industrial oil cleaner is made of solvent oil and a variety of additives. It can clean all kinds of oil stains left by the mechanical processing of the metal workpiece, to ensure the subsequent fine processing procedures can be carried out smoothly. This product has fast cleaning speed, at the same time has certain rust resistance, does not pollute the environment, is a new generation of environmental protection products.
